### A MESSAGE FROM YOUR COUNTY ASSESSOR

I would like to thank the staff of the Assessor's Office for their dedication as public servants. And, thank you to the public. We appreciate your questions about what we do here in the Assessor's Office and welcome the opportunity to help you become more familiar with Washington State property tax law. In addition, we are grateful that you assist us as we gather property characteristics in order to maintain an accurate data base to use in the property tax system.

It is the responsibility of the assessor to determine the value of all real and personal property in Kittitas County and to establish an equitable basis for the levies imposed by the various taxing districts and additional special levies for which the people have voted.

This booklet has been prepared for your information. The 2012 assessed values of our taxing districts, their levy rates and the amount of taxes our districts are to collect in 2013, statistics for land assessed on basis of current use and much other information, including the Senior Citizen Property Tax Exemption, can be found in this booklet. Please let me know if there is information not included that you would like to see and I will do my best to have it included.

Kittitas County has a population of 40,915 and covers a 2,315 square mile area, or approximately 1,481,600 acres, including 145,565 acres assessed as forest land. Approximately 70 percent of our county is exempt from taxation as Federal, State, County, City and other miscellaneous exemptions.

Our office maintains information on over 33,672 taxable real property parcels, 2,157 personal property parcels, 3,635 exempt parcels, and 425 Department of Wildlife parcels. There were 951 parcels on which \$73,032,086 of new construction value was added in 2012.

Please visit our webpage at <http://www.co.kittitas.wa.us/assessor/default.aspx> where you can perform property searches. Our internet application, called TaxSifter, can be used to access our assessment data. Also on our website is Compass, an internet web mapping application, used to access the county geographic information system (GIS).

I pledge to maintain a high level of public service to the citizens of Kittitas County. As a public servant, I take seriously my Oath of Office to uphold the laws of the State of Washington. I am accountable to you and represent your interests. Inquiries regarding any matters concerning this office are always welcome.

Respectfully,

MARSHA WEYAND  
Your Kittitas County Assessor

Pursuant to RCW 84.55.010, levy limits may be allowed to increase due to amounts for new construction, improvements to property, newly constructed wind turbines classified as personal property and increases in the value of state-assessed property. Therefore, these values must be tracked each year.

**\*New Construction & Improvements to Property**

WAC 458-19-005 Definitions (2)

(j) "Improvement" means any valuable change in or addition to real property, including the subdivision or segregation of parcels of real property or the merger of parcels of real property.

(p) "New construction" means the construction or alteration of any property for which a building permit was issued, or should have been issued, under chapter 19.27, 19.27A, or 19.28 RCW or other laws providing for building permits, which results in an increase in the value of the property.

**\*\*State-Assessed Values**

Properties that cross county boundaries (telephone, power, gas distribution, railroad, etc.) are assessed by the state.

**\*NOTES:**

**The 1% Limit** is a constitutional limit, restated in RCW 84.52.050. This limit equates to a regular levy rate of \$10.00 per thousand dollars of assessed value if county properties are valued at true and fair value. It is possible that the assessed value of property in a county may not equal 100% of the true and fair value because of delays due to multi-year revaluation cycles. The level of assessment is measured by the real and

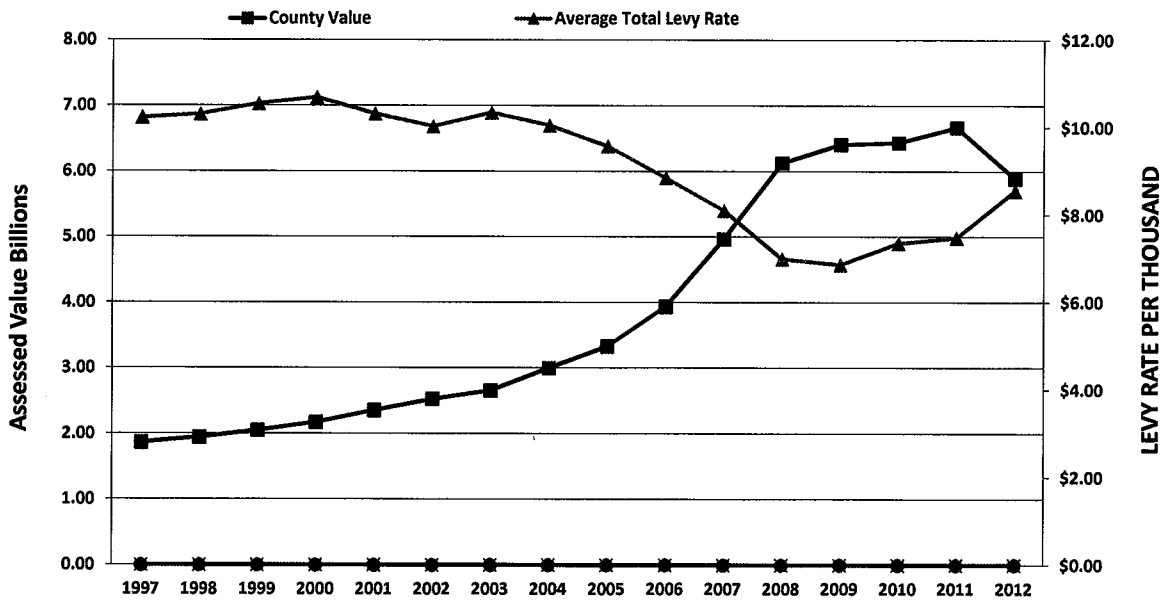

**The 5.90 Aggregate Limit** is the limit authorized by RCW 84.52.043. This limit applies to regular levies and excludes State Schools, Ports, Public Utility Districts, Emergency Medical Services, Affordable Housing, Conservation Futures, County Ferry Districts, Criminal Justice and County Transit.

## OVERVIEW OF PROPERTY ASSESSMENT AND TAXATION

All real and personal property in this state is subject to property tax based on 100 percent of its fair market value unless a specific exemption is provided by law, as pursuant to the legal framework outlined below:

**Washington State Constitutional Provisions.** *Article 7 of the Washington State Constitution is entitled "Revenue and Taxation." Section 1 of Article 7 concerns the power to tax and provides that:*

*The power of taxation shall never be suspended, surrendered or contracted away. All taxes shall be uniform upon the same class of property within the territorial limits of the authority levying the tax and shall be levied and collected for public purposes only. The word "property" as used herein shall mean and include everything, whether tangible or intangible, subject to ownership.*

**Washington State Legislation.** *To implement the constitutional provisions listed above, the Legislature enacted a variety of statutes concerning levies, the bulk of which are contained in chapters 84.52 and 84.55 RCW.*

**Revised Code of Washington.** *The Revised Code of Washington (RCW) is the compilation of all permanent laws now in force. The laws referencing property tax levies can be found in chapter 84.52 and 84.55 RCW.*

**Washington Administrative Code.** *The Department of Revenue, through authority contained in RCW 84.08.010 and 84.08.060, has adopted Washington Administrative Code (WAC) Rules 458-19-005 through 458-19-085 to aid assessors in making the necessary calculations under the various statutory sections.*

**Tax Base.** *Property taxes apply to the assessed value of all taxable property, which includes all real and personal property located within the state, unless specifically exempted. Real property includes land, structures, and certain equipment that is affixed to the structure; personal property includes machinery, supplies, certain utility property, and other items that are movable.*

**Tax Rate.** *Property tax rates are the annual levy rates applied to the assessed value of taxable property by the various taxing districts, including the state and various types of local jurisdictions that have levy authority under state law. Property tax levy rates are expressed in terms of dollars per one thousand of assessed value. A taxing district's rate must apply uniformly throughout the district.*

### VALUATION AND ASSESSMENT

The responsibility for valuing property lying wholly within individual county boundaries lies with the county assessor. The responsibility for valuing intercounty, interstate, and foreign utility companies lies with the state Department of Revenue.

For tax purposes, property is assessed on its value on January 1 of the assessment year. State law requires assessors to value all property for tax purposes at 100 percent of its true and fair market value in money, according to the highest and best use of the property.

### ADMINISTRATION

The Department of Revenue is responsible for levying the state property tax for the support of common schools but all other property tax is levied at the county level.

The assessment function is the responsibility of the county assessor. In addition to determining the value of real and personal property for tax purposes, the assessor calculates and certifies levy rates for most taxing districts, assuring that the limits to the levy rates are not exceeded. The assessor compiles an assessment roll showing the assessed value of all taxable property and a tax roll indicating the amount of levies that are due from each owner. The assessor also processes applications for the Senior Citizen and Disabled Person Property Tax Exemption Program, Limited Income Deferral Program, Senior Citizen and Disabled Person Deferral Program, and the Current Use Program.

The **county treasurer** prepares the annual statement of taxes due and sends it to owners in mid-February. Owners must pay at least one-half of the tax by April 30 and the remainder by October 31. The **treasurer** receives the payments and distributes the funds to the accounts of the appropriate taxing districts.

Once budgets have been established and submitted by the **taxing districts**, the role of the **assessor** is to calculate the tax rates necessary to generate the revenue needed to meet the budgetary requirements of the districts. The **assessor** must adhere to constitutional and statutory tax limits and levy amounts approved by voters.

Many regular levies are not voted on by the public but remain subject to several specific legal limitations:

- District budget
- Amount authorized by the resolution/ordinance
- Statutory dollar rate limit
- \$5.90 aggregate limit
- 1 percent constitutional limit
- Levy limit (aka 106 percent or 101 percent)
  - New construction, annexations, and excess levies approved by the voters are not included in the levy limit. Therefore, a taxing district's actual revenue increase may be greater than one percent.

Not every levy is subject to each of these limitations. A summary guide to levies and limits is provided in Chapters 4 & 5 of the Department of Revenue Levy Manual. The manual contains a wealth of additional information and may be accessed by the public in the Assessor's Office or on the DOR website:

[http://dor.wa.gov/Docs/Pubs/Prop\\_Tax/LevyManual.doc](http://dor.wa.gov/Docs/Pubs/Prop_Tax/LevyManual.doc)

The assessed value of your property multiplied by the tax rate per thousand dollars of assessed value determines the amount of tax you will pay as your equitable share of the total tax burden.

The amount of **property tax** you pay is **determined** by the **cost of state and local governments**. This includes the operating costs of local schools, city and county government as well as the expense of maintaining other taxing entities such as library, fire, water, and sewer districts. A portion of your property tax dollar may go to pay off bonds for capital improvements.

## APPEALS

Property owners who disagree with the established amount of their assessed value may appeal to the county board of equalization. Appeals must be filed by July 1 of the assessment year *or* 30 days from the date the Change of Value Notices was mailed. In the July session, the board reviews appeals and may order a reduction in valuation based on the facts presented by the owner and the assessor. Appeals may also be made to the State Board of Tax Appeals which, like the county board, decides only questions of property valuation—not levy rates or the amount of tax that is due.

**The public can obtain detailed information** on statutes and rules that govern the Assessor's responsibilities in the Assessor Reference Manual available in the office or on the Department of Revenue website:  
[http://dor.wa.gov/Docs/Pubs/Prop\\_Tax/2006AssessorRefManual.doc](http://dor.wa.gov/Docs/Pubs/Prop_Tax/2006AssessorRefManual.doc)

**The Kittitas County Assessor's webpage is available** to access property searches, our GIS mapping application (COMPAS), press releases, sales information, forms and publications and reports:  
<http://www.co.kittitas.wa.us/assessor/default.aspx>.

## ELEMENTS OF THE PROPERTY TAX LEVY

While the real levy process can become very complicated, this illustration of "**THE SIMPLE LEVY PROCESS**" is intended to provide a general overview of the process. These are the elements of the simple levy process as seen from the perspectives of the **taxpayer** and the **taxing districts**.

The levy process has two players:

|   |
|---|
| <b>Taxpayers</b> (You; me; ABC Company; Bits 'n' Bytes, Inc.; etc.)<br>and<br><b>Taxing districts</b> (Fire Departments, Schools, Cities, Counties, etc.) |
|---|

We need to know only one piece of data from each player:

|   |
|---|
| <b>Taxpayers</b> The value of their parcels |
| <b>Taxing districts</b> Their budget        |

The levy process is very easy and quite simple:

|   |
|---|
| <b>The amount of money needed by the taxing district's budget<br/>divided by<br/>The value of all the taxpayers' parcels in the district<br/>equals<br/>The tax rate for the district</b> |
|---|

Each taxpayer then pays taxes on:

|   |
|---|
| <b>The value of the parcels belonging to the taxpayer<br/>multiplied by<br/>The tax rate for the district</b> |
|---|

There has been a long history of property taxation in our country. Our nation and state have seen generations of lawyers and legislators fine tuning and changing the property tax laws to the taxpayers' advantage. Although the simple process of levies has become much more complicated, the players have remained the same:

|  |
|--|
| <b>Taxpayers and the value of their parcels<br/>and<br/>Taxing Districts and the budgets they need</b> |
|--|

**HISTORICAL VALUATION AND TAX COMPARISON  
1959-2013**

| <b>% OF MARKET VALUE</b> | <b>YEAR</b>    | <b>TOTAL COUNTY VALUATION</b> | <b>TOTAL TAX ALL DISTRICTS</b> | <b>CURRENT EXPENSE</b> | <b>ROAD DISTRICT</b> |
