INTRODUCTION OF PROPOSED OUT-OF-DOCKET-CYCLE CODE AMENDMENTS

CDS Planning Official Jeremy Johnston provided an introduction of the proposed out-of-docket-cycle code amendments to Title 16, Title 12 and Title 15A. Most of the proposed changes are regarding Title 16, our subdivision code, to bring the code consistent with state regulations. Additionally in Title 16, we will be proposing to add a parcel combination section as those are currently being processed under our boundary line adjustment section. The plan is to bring this before the Planning Commission at the April 12th meeting and then will be brought before the BoCC on May 17th. Other changes that are being proposed are some changes to our road varying process, including an administrative process with an appeal process with the Hearing Examiner.
