CALL TO ORDER

CITIZEN COMMENTS (1 MIN)

None present.

GENERAL IT UPDATES

Josh Goche's internship concluded. His primary task was monitoring endpoint detection & response software, crucial to our cybersecurity portfolio. His performance was very satisfactory.

Doug Fessler communicated his desire to skip computer equipment rotation in 2023. IT would only rotate eligible equipment if a specific request is made by the department or office using that equipment. A resolution will be brought to the board next month.

IT STAFFING DISCUSSION

Doug Fessler requested that the Board consider a change to the IT organization chart. Creating two new positions, an Administrative Assistant, and a Network/systems Administrator. In addition, Mr. Fessler asked that an Assistant Director position be created, to be filled from within the department.

OTHER BUSINESS
